PARK & MEET

www.bmwccvi.ca

The June 14th Park & Meet at the Frayne Centre was a well attended event. 10 BMW's and 13 members participated in the quick blast up the Malahat to park and chat with Fish and Chips and good coffee readily available. While Tania and Caroline Emberley, one of our new members, took their baby boys for a stroller ride around Deer Park residential area the rest of us kicked tires, popped hoods and looked at engines. The real treats being David Saville Pecks' E6 2002 Touring and Al Carlson's' E10 2002 tii (for sale I think), both in outstanding condition. After a couple of enjoyable hours talking BMW, drinking coffee and enjoying the beautiful evening sunshine most blasted back down the hill. Doug Emphy took the more scenic root home around Shawnigan Lake, a nice drive.

Island Motorsport Tech Session

A special thank you to Gurmali and Pammi Thouli for putting out a fine spread of Indian food and providing a great Tech night for the members. A dozen hard core Bimmer enthusiasts turned out to wrack Gurmali's brain for advice and information. The discussion varied from completely sealed, maintenance free engine compartments to the type and quality of fuel on the island and which to use.

Only those who attended know the "truth". For those who could not make it, I guess you'll have to wait until next year. See you then.
